

tasc 2017 - Successful Premiere

tasc 2017, the first Trade Show for Automotive Glass, Smart Repair and Car Detailing, has successfully completed its debut event. Just under 1,100 visitors came to the 2-day trade fair in Düsseldorf. The Kaltstahlhalle venue at Areal Böhler offered space not only for expert exchange with the 50 exhibitors but also for seeing and trying out innovative products and solutions from the automotive after-sales market. The event was completed by a programme of technical lectures that covered all current issues in this thematic field.

“The first step of positioning tasc, the trade show for automotive glass, care detailing and smart repair, on the market has been taken. Our exhibitors and the numerous visitors have accepted this new industry platform very well,” delights Joachim Schäfer, Managing Director at Messe Düsseldorf GmbH.

“tasc very clearly demonstrates the additional business potential held by these three areas for car workshops. The new trade fair provides the right platform to make contact between the companies,” adds Birgit Horn, tasc Director at Messe Düsseldorf GmbH.

Held in a 2-year cycle the next tasc will be held at Areal Böhler in Düsseldorf from 11 to 12 October 2019.

About tasc

tasc is the trade show and meeting point for automotive glass, smart repair and car detailing professionals. tasc presents innovative products and solutions needed for completing and managing car repair jobs.
